

WV-INBRE SUMMER RESEARCH PROGRAM FOR HIGH SCHOOL SCIENCE EDUCATORS

Participation in this Program is open to high school science educators who teach in the state of West Virginia during the 2015-2016 academic school year. Preference may be given to HSTA teachers and those teachers who work in HSTA-affiliated schools. Fellows have the opportunity to work on a biomedical research project for up to 9 weeks from May 23 through July 31, 2016. The 2016 WV-INBRE High School Educator Fellows are:
