

2017 Summer Fellows

WV-INBRE sponsors a Summer Research Fellowship Program for faculty members from the PUIs in the network. This year's summer fellows are Dr. Amanda Stewart and Dr. Dawn Turner.

Dr. Amanda Stewart is an Associate Professor in the Department of Biology at Bethany College. She will conduct her summer research at WVU in Dr. Vazhaikurichi Rajendran's lab.

Dr. Dawn Turner is returning for a second year of fellowship. She is an Assistant Professor of Biology at the University of Charleston. She will conduct her summer research in Dr. Jiang Liu's lab at Marshall University.
